ARIES MK 390 PALADIN

This Is The Scope! 1 St Generation Does Not Get Any Better Then The Aries 390 Paladin. We Set Out To Design The Best 1St Gen. Scope On The Market And We Succeeded.

We started by improving the optical configurations which lowered the F-stop factor and increased optical resolution. By doing this, more light travels through the lens to the tube. More light and better resolution simply means brighter and sharper image. Then we added our precision "red on green" aiming system, easy push button operation, reticle brightness adjustment and our new detachable, most powerful in the industry 450mw Infrared Illuminator with dedicated windage and elevation adjustments. Our new Aries 390 Paladin is the best 1st. generation scope on the market.

- **Powerful 4x multi-coated all glass optics**
- **High resolution Gen 1+ Image Intensifier tube**
- **Easy to see "Red on green" reticle system**
- **Reticle brightness adjustment**
- **Detachable Long Range infrared illuminator**
- **Water and fog resistant**
- **Limited two-year Warranty**
- **Free impact resistant hard case included**

The new detachable, most powerful in the industry 450 mW Infrared Illuminator light greatly enhances the performance of your Aries scope, while remaining almost totally invisible to the naked eye.
